

能源相關量測設備與精密級數

設備名稱	照片	精度
PA60 數位電錶	 <p>The image shows the Archmeter PA60 Multi-loop Power Meter. It is a black rectangular device with a green LCD display in the center. Above the display, there are several green terminal blocks for wiring. The device has a CE mark and 'FC' on the top left. Below the display, there are several buttons and a small keypad. The text 'Archmeter PA60 Multi-loop Power Meter' is printed on the front panel.</p>	0.5% ~ 2%
PA310 數位電錶	 <p>The image shows the PA310 數位電錶. It is a white rectangular device with a large green LCD display. It has multiple terminal blocks on the top and bottom. Several black cables are connected to the top terminals. The device has a red and black logo on the top left. The text 'PA310' is visible on the top right of the device.</p>	0.3% ~ 1%
PA330 數位電錶	 <p>The image shows the Archmeter PA330 數位電錶. It is a black rectangular device with a large green LCD display. The display shows several numerical values: 1.906, 1.906, 3.821, 7.635, and 20100202. The device has a green terminal block on the top. The text 'Archmeter PA330' is printed on the top left of the device.</p>	0.2% ~ 0.5%
AEM-DRB 數位電錶	 <p>The image shows the AEM-DRB 數位電錶. It is a black rectangular device with a large green LCD display. The display shows several numerical values: 0.000, 4.000, and 0.000. The device has a green terminal block on the top. The text 'AEM-DRB Multi-circuit Power Meter' is printed on the top right of the device. Below the display, there are several buttons and a small keypad.</p>	0.2% ~ 1%
